Army Surgeon Tells of Exciting Experiences with an Immense Ray at Tarpon, Tex.-Harpoons and Rifles Used in His Capture-Great Fish Measures Over 17 Feet Long.

Surgeon General P. J. A. Cleary, U. S. A., retired, tells the story of the capture of a giant devilfish at Tarpon, Tex., last summer, at which he assisted, says

"There is some diversity of opinion," said Gen. Cleary, "as to what constitutes the devilfish, some contending that the enormous proportions and very few of them have been caught.

"Their appearance in the water would readily suggest the name of devilfish, for

"One of these monsters was caught recently at Tarpon, which is on Mustang Island, off the coast of Texas, about fifteen miles from Rockport. A party of men was out fishing at Arkansas pass, where the government jetty extends for nearly two miles out into the gulf, and six or eight of these immense fish were swimming out beyond the end of the jetty. Some of us tried to hook them and one or two succeeded, but, of course t was like tying an elephant with a piece of thread. They swam close around our boats, but evidently meant no harm. One
